REPORT OF FULL TIME SELECTMAN

In 1973 the new and improved valuation in Tilton was \$905,820.00 added to the tax structure for a total of \$15,601,000.00.

There were eight (8) Systems replaced, thirty-three (33) new ones installed, and at present eighteen (18) state approved systems are ready for construction.

The additional building which was picked up in 1973 for the 1974 valuation included nineteen (19) alterations, one (1) store building, six (6) industrial buildings, one (1) commercial building, four (4) private garages, three (3) summer cottages, twenty-one (21) new all year homes for a total of \$591,575.00 in new valuation for 1974. This amount will put the total over sixteen million dollars (\$16,000,000.00) in 1974 valuation.

Also in 1973 a more complete Census was accomplished after three months of leg work including several trips back to Mobile Homes to update the Mobile Home information which has to be done each year.

In 1973 the Aerial Photo were taken of Tilton to get the Tax Map on the way.

The work load for 1974 is going to be increased considerably due to two years Auditing of Town Books and assistance in preparing Tax Map.

A total of \$3,101.22 was returned to the Town due to the services of a Full Time Selectman not to mention many services not measured in dollars and cents.

Respectfully submitted,
DONALD B. JOSCELYN

REPORT OF THE CHIEF OF POLICE

During 1973, eleven employees of the police department resigned. Each of these employees were uniformed and equipped at a cost of approximately \$400.00 each. No dollar value may be placed on the loss of experienced personnel. Historically, the reasons given for leaving the department have been, "low pay" and "morale problems."

In reviewing past Town Reports, and discussing the state of the police department with various members of the community, it appears that the Town wants a police department that is professional, efficient, and is attuned to the needs of the community. It is my desire to provide that service.

Although I am new to this community, and admittedly ignorant of many of the special needs and desires of the people, I am attempting to correct the conditions that result in the loss of personnel, waste of money, and low quality service from the members of this department. The following actions have been taken to professionalize our personnel, standardize officer's responses, and expand services:

1. An appeal for residents to fully utilize the department, demand top quality service, and cooperate with a department that earns their trust.
2. A written policy so that the officers understand the goals of the department.
3. A revised and expanded set of personnel rules.
4. A procedure manual. To insure proper response by officers, and to insure the standardization of department operations.
5. A revised and expanded reporting system that insures greater accuracy in reporting, accounts for

an employee's time, and insures proper disposition of each service performed.

6. A revised selection process that eliminates all but the most highly qualified applicants.
7. A proposal for an adequate pay scale with built-in controls that forces each employee to earn his wages rather than receive them automatically.

Most of the above actions have been completed. Those that have not been completed are well under way. Every resident is invited to inspect our operations and offer comments and/or criticisms.

The following tables are offered to help explain the activities and the operational costs of the department. Since space prohibits a more detailed explanation, please contact me with your questions.

Respectfully submitted,

ROGER L. WILLARD, JR.

REPORT OF LIAISON OFFICER TO THE TOWN OF TILTON, N. H.

Pursuant to the recommendations and findings of the 1971 Law Enforcement Committee and in accordance with the favorable vote accorded it at the Town Meeting of March 13, 1971, the following is respectfully submitted:

It is necessary to preface this report, however, with the observation that the role of the Police Commissioners is restricted to those administrative problems arising within the department and to which the Commissioners' attention is directed. It is fundamental that the executive and operational responsibilities be left directly in the hands of the executive officer, in this case, the Chief of Police. With this in mind let us proceed to the report itself.

The year 1973 could well go down in the annals of the town history as the year of the "Beginning". For several years now we have observed a dawn of professionalism in law enforcement. It first became evident in larger departments caused, in part, by the increasing burden of technicality imposed by a sharper awareness of the law and citizens' rights by the judiciary. By progression this condition sifted down into the smaller departments. At the present time all municipalities are caught up in this trend due to the passage of certain stringent requirements imposed on the towns and cities when employing new police personnel. These requirements have added considerably to the expense of operation of a police force and in some cases have created a serious funding problem which we must face squarely in the near future.

It is the undersigned's firm belief that the position of Liaison Officer is to acquaint himself as totally as possi-

ble with the necessities as well as the problems of the department he serves. Following the measure of conduct set down for the Commission the internal problems were left to the executive officer except in cases where a direct request for aid was made. Only then did the Commission or Liaison Officer intervene.

As a result of numerous difficulties of both a morale and financial nature it became necessary for the Commission to seek a new Police Chief due to the resignation of Chief Robert Blake. In October, having followed all requirements set out in the Committee report, Roger Willard was chosen from among several highly qualified candidates and was appointed to the position. To this point in time he has performed brilliantly. His quick grasp of the town law enforcement problems is a clear indicator of his knowledgeable use of his experience. His future success however, depends in great part on the cooperation he receives from our citizens. It is an obvious fact that the law enforcement segment must undertake a serious and expanded program of citizen education into the needs and responsibilities of the Police Department. There must exist between the two a cordial and cooperative attitude. This education must consist, in part, in personal contact with citizens' groups, social and service organizations to better acquaint them with the workings of the Department. Close association will breed confidence and pride in our officers by the law abiding segment of the community and a healthy respect for them by those who might have a thought for breaking the law.

In summation it would be remiss of me if it were not mentioned that the cooperation between the Police Commission and Police Department is at the highest level that it has ever been. As it was said in the "Beginning", it is a beginning — one that bodes well for the welfare and safety of the town and its people through

the adequate and professional protection afforded it by its Police Department.

Respectfully submitted,

NORMAND A. LEMIRE

Liaison Officer

REPORT OF TILTON CIVIL DEFENSE

In January 1973, a test of emergency communications from Tilton was staged. Amateur Radio Operators sent 253 messages from Tilton to all parts of the United States in the 30 hour period from Saturday January 29, 1973 at noon until Sunday January 30, 1973 at 5 P.M. Approximately 30 return messages were also received during this test.

In June, with high water, inspections were made periodically to keep check on trouble areas. No serious washouts or flooding were noted during this time.

A meeting with the State Civil Defense Director and attendance at 2 training sessions in Concord were also undertaken by myself.

The Belknap-Merrimack Community Action Program — Franklin Neighborhood Center has approached the towns of Northfield, Tilton, Hill, Salisbury and the city of Franklin requesting funds so that operations at the center may continue past June of 1974. June 30, 1974 is the anticipated end of the present source of OEO Funds for Community Action, thus the Neighborhood Center Office located in the Proulx Community Center in Franklin would cease to exist. In order to continue operations of this office, it has become necessary to request an equivalent level of funding from the towns and cities in which CAP services are presently available.

The amount requested from the towns is based on the total amount needed to operate the Franklin Neighborhood Center System in relation to the resident participation of each town in available programs and services.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the Forest Fire Warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the Fire Warden. Except for cooking fires, no fire can be kindled between 9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The Fire Warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's Job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

The end of '73 completes 18 years of organized activities provided by the citizens of Tilton and Northfield. The accomplishments this year include:

A. Center Activities: During Christmas week 1971 a fire at the Tilton Town Hall curtailed our Center activities. In 1973 we were unable to locate facilities to provide an indoor recreational program. During the summer and fall with the help of local citizens who volunteered their services, members of the Teen Council, and the youngsters who worked on the summer program we were able to renovate the facilities at the Tilton Town Hall. Open House was held on Saturday, December 22, 1973. The Center was reopened officially on Wednesday, December 26, 1973. The Center is now open Monday, Tuesday, Wednesday, and Friday evenings from 6:00-9:00 P.M. and Saturday afternoon from 1:00-4:00 P.M. Ping-pong, pool, tumbling, weight lifting, bumper pool, chess, checkers, and assorted games are available.

The Teen Council is also sponsoring movies, dances, and special Holiday programs on some Saturdays.

B. Swimming Program: Two 4 week periods were provided during the summer months. Three 2 hour sessions were held daily Monday-Friday and included courses from beginners to junior lifesaving. Five local youngsters were employed in this program. The program was concluded with a picnic, contests were held and prizes were awarded.

C. Playground: For 8 weeks under the direction of the Recreation Council and Playground Co-ordinator Steve Newton and the Arts and Crafts Director Mrs. Pat La-

Liberte with the help of ten local teenagers various arts and crafts, indoor and outdoor games were provided for 3 hours in the morning daily Monday-Friday. Weekly bus trips or special events were usually held on Fridays.

D. Ski Program: The Council is sponsoring two 5 week ski programs at the Highlands Ski Area on Saturday mornings with a bus leaving at 8:30 A.M. and returning by 11:00 A.M. from the elementary school area. Approximately forty youngsters are participating in this program. Plans are being made to co-ordinate a Teenage program to be held on Wednesday evening. The Council co-ordinates the Ski Program thereby obtaining a low cost group rate which the participants pay for themselves.

E. Babe Ruth Baseball: The Council sponsored a ball team playing in the Twin Rivers League. The boys had an opportunity to play against good competition; some also had the opportunity to play on the All Star Team. Tilton's record for 1973 14 wins 0 losses. Our congratulations to this fine Team and their Coaches.

F. Special Events:

1. Halloween party, initiated by the Tilton and Northfield Police Departments, the Selectmen, Teen Council, Recreation Council, and the Tilton-Northfield Fire Department and co-ordinated by Paul Paquette was an overwhelming success. All took part on this night of spooks and goblins. A costume contest, a parade with sirens and lights, and a walk through the fun house brought an estimated 450 children to the Winnisquam Regional High School. Prizes were awarded. Beverages, apples, cookies, and candies were distributed to all.

Later in the evening a live band at the High School played to a group of 350 teenagers, who also had free beverages and foodstuffs. Many thanks to the many

merchants, companies, individuals, and organizations who donated funds or products to this happy occasion.

2. Teen Council Bike-A-Thon. In May the Teen Council held a 20 mile Bike-A-Thon. The returned pledges amounted to \$1,000.00 which the Teen Council donated to the Tilton-Northfield Recreation Council Building Fund.
3. Christmas Party. The Teen Council played host to a group of youngsters at the Tilton Town Hall. A movie was shown and refreshments were served.

"Thank you" to those individuals and groups who have helped the Council provide activities throughout the year. Special thanks to the taxpayers of our communities whose support continues to make recreational programs available.

All interested citizens are welcome to attend our regular monthly meeting, the first Thursday of every month. We meet at 7:30 P.M. at the Recreation Center at the Tilton Town Hall. We do need volunteers.

HALL MEMORIAL LIBRARY

Report of the Librarian — 1973

The following gives an accurate report of the library's growth:

Year	Materials Circulated
1969	5,595
1970	7,544
1971	8,040
1972	11,649

This year's total circulation was 18,265 — a fifty per cent increase over last year and a three hundred per cent increase over five years.

Additions to the list of magazines and newspapers carried in the library and the establishment of a vertical file resulted in a circulation of 373 periodicals and pamphlets, and an expanded record library circulated 1,802 recordings for 1973. Circulations of 2,710 adult fiction, 2,544 adult nonfiction, 5,570 juvenile fiction, 3,393 juvenile nonfiction as well as the 888 Bookmobile books and books requested from the State library which circulated 1,327 completed our statistics for the year.

336 new books were accessioned, with particular emphasis being given to the reference collection, and increased interest in the library resulted in 113 gifts, either directly or as memorials. We are very thankful for the generosity of our patrons.

A program designed to reach each child in the Union School and acquaint him with basic library skills was begun, both in the classrooms and at the library.

The Hall Memorial Friends of the Library held several successful fund raising events in support of various library improvement projects. The library was also pleased to serve as a meeting place for various community groups and committees.
